Re: Trademark Infringement

Dear Mr. Adcock & Mr. Goldstein:

Please be advised that Piper Aircraft, Inc. ("Piper") is the owner of a number of United States and international trademark registrations, as well as common law marks (the "Piper Marks") in and to the name and mark "Piper®," as well as for a number of Piper's individual aircraft. For more than eighty years, Piper has been a worldwide leader in the manufacture of single engine and twin engine aircraft. Its aircraft have evolved from the 1930s to sophisticated turboprop planes. Piper has spent substantial sums of money over that period in the promotion of its products and services. Generations of pilots dating back to World War II days have trained in PIPER airplanes, and present day pilots may select from a number of PIPER models including the Archer®, Arrow®, Seminole®, Seneca®, Warrior®, M350®, M500® and M600®. In fact, Piper's Archer® is one of the top selling training aircraft in the world. In addition to the widespread public recognition of its aircraft resulting from tens of thousands of sales over several decades, Piper advertises its products and services on its website, in a variety of magazines and other publications, at air shows nationally and internationally and through an extensive network of dealers, distributors and service centers throughout the United States and the world. As a result, substantial good will, public recognition and secondary meaning have been developed in and to the PIPER marks, and the names of its individual aircraft.

It has come to our attention that you personally and/or Archer Aviation, its officers, directors, employees, and agents, acting alone or in concert with others, have been manufacturing, using, offering for sale, selling, advertising, developing, manufacturing and/or importing aircraft under the name "Archer." As stated above, the mark Archer® is a federally registered trademark of Piper Aircraft, Inc., is incontestable and one of the most recognizable trademarks in general aviation. Attached is a copy of the U.S. Registration No. 2203953. Your actions in applying the "Archer" name to your company and products, without the authorization or permission of Piper, constitutes a false designation of origin, trademark infringement, unfair competition, deceptive and unfair trade practices and dilution under federal and state law which may subject you to significant liability for damages, profits, punitive damages and attorney fees.

Consequently, we hereby demand that you immediately undertake the following:

(1) cease and desist use of the name Archer and any other Piper Marks, any other colorable imitation of such marks, or any other confusingly similar designations, in connection with the merchandising, advertisement, sale, offer for sale and/or promotion of merchandise;

(2) deliver to Piper for destruction all advertising, promotional and packaging materials bearing the any and all of the Piper Marks, and any confusingly similar variants of same, including, but not limited to, packaging in which the items are shipped, photographs, brochures, flyers, letterhead, business cards, invoices, stationery, envelopes, newspaper, magazine and other advertisements, and the plates, molds, matrices or any other means of making such materials;

(3) discontinue all use of the Piper Marks, and any confusingly similar variants of same, on any and all Internet web sites including, without limitation, "flyarcher.com"; and

(4) provide an accounting of the sales of all merchandise bearing any of the Piper Marks, and any confusingly similar variants of same.

We expect to receive your assurance of compliance with these demands promptly but, in any case, no later than July 10, 2020. In the absence of such a response, Piper will take appropriate legal steps to protect its valuable trademark rights, copyrights and reputation.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin M. Keegan".

and Secretary
